The bottom section of the image features a white silhouette of a person standing next to the shelving unit for scale. To the right of the silhouette are five circular callouts, each with a red dashed border, illustrating specific product features: 1. A close-up of a shelf joint showing a screw and a dowel. 2. A stack of flat-packed wooden boards. 3. A close-up of a shelf edge showing a red PVC edge band. 4. A close-up of a shelf edge showing a red double-headed arrow indicating the 18mm board thickness. 5. A close-up of a shelf joint showing a white powdercoated bar.

The diagram shows a person standing next to the shelving unit for scale. The unit's dimensions are indicated: 47 cm width, 57 cm height, and 30 cm depth. Five circular callouts highlight key features: 1. Easy to assemble: shows a screw being inserted into a pre-drilled hole in the wood. 2. Flatpacked: shows the unit's components stacked flat. 3. PVC edgeband: shows a red PVC strip applied to the edge of the wood. 4. 18mm board: shows the thickness of the wood board with a red double-headed arrow. 5. Powdercoated bars: shows a white metal bar with a red double-headed arrow indicating its thickness.

DWR114_UTS

DWR114_WES

A banner providing product details and assembly information. On the left, a man in a white suit stands next to a sofa, with a small table in front of him. Dimensions are indicated: 43 cm for the table height, 30 cm for the table width, and 46 cm for the table depth. The table is shown in its assembled state. To the right, five circular callouts illustrate key features:

- EASY TO ASSEMBLE**: Shows a close-up of a wooden board being secured with a screw.
- FLATPACKED**: Shows a stack of flat-packed wooden boards.
- PVC EDGEBAND**: Shows a close-up of the table's edge with a red PVC edgeband.
- 18MM BOARD**: Shows a close-up of the table's top surface with a red double-headed arrow indicating the 18mm thickness of the board.
- POWDERCOATED BARS**: Shows a close-up of a metal leg with a powder-coated finish.

The **decostyle** logo is located in the bottom right corner of the banner.

100% MADE IN INDIA WITH INDIAN MATERIALS MATCHING WITH GLOBAL STANDARDS

DESIGNED, ENGINEERED AND MANUFACTURED IN INDIA

WE HAVE VERY CAREFULLY SELECTED HARDWARE AND MATERIALS THAT ARE MADE IN INDIA AND THAT MATCH GLOBAL QUALITY STANDARDS, THIS ALSO REDUCES THE CARBON FOOTPRINT OF THE PRODUCT

decostyle

We carry out the whole production process at our Indore plant. We are in complete command. We optimise every step. This and our major investment in machines and installations allows us to offer competitive prices without giving up on design and quality.

Growth, progress, improvements... what does the future hold? We live in uncertain times. That's why we create products designed on the basis of adaptability. Our furniture is easy to use today and able to satisfy the needs of tomorrow. Products made from 18mm board, solid and strong; long-lasting products.

Convenient and open. We design furniture that can satisfy all your needs, compatible with your home environments and helping to construct workspaces that modern companies need: more flexible and comfortable, richer and multifunctional.

Ergonomic and painstakingly finished So that a strong material is also easy to use, with edgebands and precise shapes.

decostyle

Stable and Solid Furniture with the refinement and elegance. Without giving up on precision finishes where every detail is treated delicately. To achieve this, we use cutting-edge technology.

Easy to assemble, dismantle and restore. So that it can be transported in the minimum possible space. So as to facilitate the on-site installation process without causing too much fuss. To restore and replace parts in case of accident. So that it can be easily altered in the likely case of the needs of your home or company or environment changing as well.

welcome to sustainable pre-laminated board production, a new production process.
where sturdiness and stability combine with optimum design and perfect functionality.
where the raw materials are treated with an eye to the future.
because we manufacture furniture products while saving as many natural resources as possible.
